

SUPT. DUDLEY'S FIGURES.

WERE CHANGES MADE IN THEM TO CONCEAL DAMAGING FACTS?

Testimony at the Garden Inquest Contradicted by Official Papers—The Mayor Getting the Facts in this Very Peculiar Transaction—A Report that Dudley will be Impeached.

The Madison Square Garden calamity occurred on Wednesday evening, April 21. Mayor Cooper was out of the city on that day, but returned on the 22d, and immediately visited the Garden in company with expert architects and builders. His examination led him to suspect that proper vigilance on the part of the Department of Buildings might have prevented the disaster. The portion of the building that fell had been altered in December, 1879, under an application submitted to the Building Department on Nov. 24, which was approved by Superintendent Dudley on Dec. 6.

On April 23, the second day after the calamity, the Mayor wrote to Superintendent Dudley asking for all papers and records in his department relating to the Madison Square Garden building, and for a statement of several reports, directions, or transactions in relation to those buildings which he had knowledge. On April 26, Mr. Dudley sent to the Mayor copies of the papers, each copy being verified by the oath of one of Mr. Dudley's subordinates. The Mayor then directed the Commissioners of Accounts to compare the copies he had received with the originals in the Department of Buildings, but Mr. Dudley told the Commissioners that he could not show them the originals, as they were in the hands of Coroner Brady, who was about to hold an inquest upon the bodies of those who had been killed at the Garden on April 21. On April 29 the Mayor wrote to Superintendent Dudley, asking him to send to him a list of all original papers which he had delivered to the Coroner, and the receipt of that officer for them. On May 3 the Superintendent sent to the Mayor a list of papers delivered to the Coroner and a copy of the receipt of that officer. This receipt was dated April 23, five days after the date of the Mayor's demand for the originals, and two days subsequent to Mr. Dudley's statement to the Commissioners of Accounts that the papers were in the hands of the Coroner. In his letter of April 29 the Mayor also called the Superintendent's attention to the fact that he had made no report in relation to any unwritten transactions of his department regarding Madison Square Garden, and again asked if he had any knowledge of any such transactions. To this question the Superintendent made no reply.

The Coroner's inquest commenced on April 27 and continued until May 7. The Mayor obtained copies of the original documents of the inquest, and careful examination of the testimony confirmed his previous impressions as to the responsibility of the Department of Buildings. Superintendent Dudley testified before the Coroner on May 6 and 7. In his testimony he admitted knowledge of unwritten transactions relative to the Madison Square Garden, and averred that he had always held that the height of the new wall of the building after the alteration was 24 feet; that he approached the Coroner with this information, and believed that the building was "razed or reduced in height," the previous height having been 34 feet.

On examining the sworn copies furnished to him by Mr. Dudley, the Mayor discovered that while the copy of the statement of specifications and alterations failed to state the height of the building, it did state the copies of the drawings filed with that statement showed a wall 24 feet high. The Mayor also asserted that the original height of the new wall was 34 feet. The copy of the statement sent by Mr. Dudley to the Mayor was however, in a suspicious appearance. The figure 24 was written over the figure 34, and alongside of the figures in ink was faintly discernible "24" in pencil. On examining the original paper which had been in the hands of the Coroner. To this Mr. Dudley replied, declining to send the originals, on the ground that they were in the custody of the Coroner, and that he had no right to do so.

OPERATIVES in every branch of female labor except housewives, wanted to be fed, and their claims collected free of charge on application to the American Female Operative Association, 288 Bleecker st.

OPERATORS, tailors, milliners, makers, and men and women, pressers on alpaca coats, \$20 West 24th st.

LADIES can thoroughly learn millinery in a few weeks and take their own time.

Mrs. DURAND, 1,307 Broadway.

HANDS on linens, cottons, and alpaca coats, pressers, buttonhole makers, out of the house, 100 Third av., Brooklyn.

HANDS to put white hair in fur mounting; also workmen. Miss HAVAY, 240 East 3rd av.

HANDS (alpaca coats); also pressers. Mrs. J. H. WENTZ, 174 Fifth av., 2nd floor.

IRONERS on white shirts. R. K. DAVIES & CO., 538 West 23d st.

IRONERS for alpaca and linen coats. 345 West 24th st.

IRONERS wanted to work on caps also operators on machines, good steady work. CHARLES FOX & SON, Co., 74 and 76 Greene st.

GOOD tailors, 1,307 Bleecker st., 720 Broadway.

HANDS on linens, cottons, and alpaca coats, pressers, buttonhole makers, out of the house, 100 Third av., Brooklyn.

HANDS to put white hair in fur mounting; also workmen. Miss HAVAY, 240 East 3rd av.
